

Fusion Services

JULY NEWSLETTER

12th July 2009

Fusion Services

Have been awarded the total security package for Solihull College.

www.solihull.ac.uk

Fusion services have been chosen to implement the new security infrastructure from CCTV through to door access and intruder alarms within the new building and existing buildings.

We have been chosen for this project due to the extent of our knowledge and experience in the security field and our knowledge of the college campus.

At Fusion services we know what it is like to work to mission critical deadlines, as the college is to be up and running from the start of the new term.

We are working in conjunction with N. G. Bailey & Co which us for there specialist services installations.

NEW SHOP PRODUCTS

Take a Look at our latest product Lines, from patch leads to switches.

We have now started a loyalty scheme for the education sector, so every pound spent gives you loyalty points to redeem against goods from the website of your choice.

If you have not registered for education rates of up to 60% off please contact us at

www.fusionservices.co.uk

SMART BOARDS

Fusion services are now active resellers and provide full technical support for the Smart board products.

We feel that there are a lot of interactive boards going into schools and colleges and no training is provided for.

Here at fusion services we offer the full package from installation through to after sales service and technical training.

Are you missing out?

Many schools are still not advertising and promoting there full skill sets and potentials. Here at Fusion Services we offer the total package from reception software to plasma screens and installation.

Remember first impressions count; get your message across to all your visitors and parents.

Show visitors media files, power point presentations, websites, RSS feeds and impress the customers with there names on the big screen as they arrive.
